Building Communities Together

Communities are built through stability and shared goals. As a not-for-profit we appreciate the security that comes from working with knowledgeable partners. We make a point of taking on Volunteer MBC members' needs so they can pursue what matters to them.

OASSIS, Your Group Benefits Provider

We deliver services built to support not-for-profits:

- Affordable, scalable benefits plan for all workforces including full-time, part-time and contract employees; the OASSIS association fee is covered via Volunteer MBC membership.
- Employee Assistance Program (EAP) for Volunteer MBC members with or without an OASSIS Health or Dental Plan
- OASSIS Disability Coordination supporting managers and employees by providing information, coordination, and assistance at all levels
- Proven stable rates because OASSIS is not a broker; no commission means better rates

Whether you have 1 or 1,000+ on your team, together we can tailor or redesign your benefits plan to give your staff peace of mind.

Like your organization, we were created to support people – not profits

No business is too small or too big

At OASSIS, we strongly believe in the notion of social enterprise; not-for-profits in business with other not-for-profits; keeping money in the sector, building, and keeping the not-for-profit sector strong.
